

# Harry Potter Hogwarts Bookmark Instructions

## What you need:

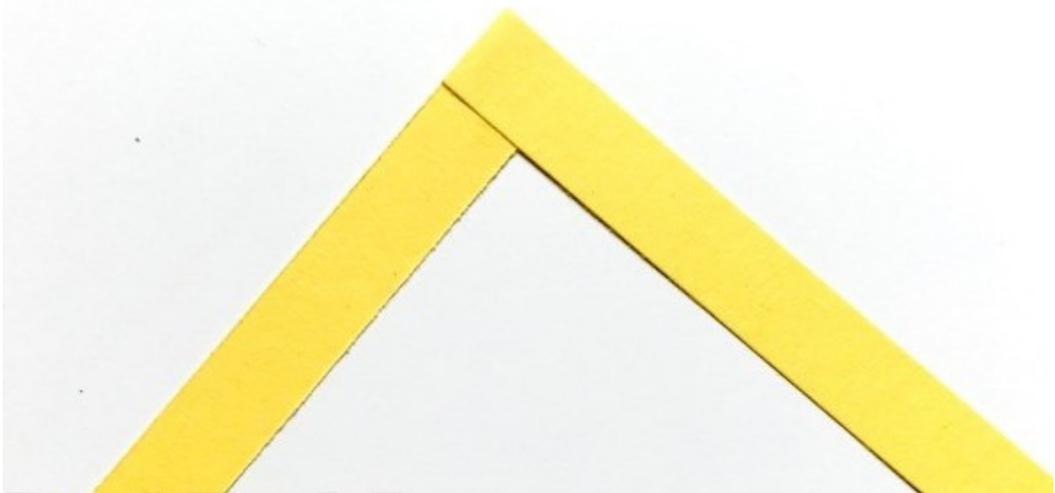

1. 2 sheets of colored paper
  - For the Slytherine Bookmark – Green and Grey
  - For the Hufflepuff Bookmark – Yellow and Black
  - For the Gryffindor Bookmark – Maroon and Yellow
  - For the Ravenclaw Bookmark – Blue and Grey
2. Tacky glue or a glue stick
3. Scissors
4. Print the Harry Potter House Badges

## Let's begin:

1. Cut your Paper Strips in Harry Potter House Colors. Begin by cutting out four strips of  $\frac{1}{2}$ " wide paper. Ours is approximately 11" long – cut the long side of a standard sheet of paper. Cut these as NEATLY as you possible can. Use a ruler to draw the lines and then cut.

2. Secure your first strips for weaving the bookmark. Using your glue stick, glue two of the same colored strips together to create perfect right angles. I started off with yellow as this is Hufflepuff's main house color!

3. Add the second Harry Potter House Color Now take your contrasting color, in my case black and also glue this down with a little glue. It needs to perfectly aligned with one of the yellow strips.

4. Add your 4<sup>th</sup> strip for weaving. Repeat the second contrasting color, this time securing it in the other direction.

5. Start Weaving - Now you are ready to start folding. You can simply (and quickly fold this....) BUT I like to add a little glue to every fold, just to secure the bookmark and strengthen it a little.

6. Repeat with the other side and keep going. Make your folds as neatly as possible.

7. When you get to the end of your bookmark, secure the last pieces of paper with some more glue and trim off the edges.

8. All you need to now is cut out your Harry Potter House Badges as neatly as you can and glue down. Ta-da... your very own Harry Potter bookmarks are finished 😊
