Sharing God's Love Royally...

Friday Games Coronation

Me Switch

(pairs, low activity)

First, the positions. 1. Hand on forehead, like make a salute. 2. One arm at 90 degrees with the hand pointing up and the other arm at 90 degrees pointing toward the other elbow. 3. Both arms crossed in front of your chest.

One starts by saying, "me switch." At the word 'switch, we snap into one of the three positions. The object is for the caller to trap the other payer into taking the same position. When you get good, try adding more players!

Frisbee Golf

(2 – 50+, Moderate activity)

Played my mike golf, but rather than get a ball in a hole, you tap the "flag stick, which can be a tree, mail box, or eve the side of the house.

Of course, you need a Frisbee, then you need to make a plan. Where do you "tee" off and where are the holes. Play a round or two and see it your neighbors mind if you play through other yards!
