

BUTTERFLY

“A BEAUTIFUL NEW BEGINNING”

TO MAKE THIS CRAFT YOU WILL NEED:

- Regular markers NOT permanent markers
- 2 Coffee filters
- Pipe cleaners
- Wooden clothespins
- Plastic spray bottle filled with water

DIRECTIONS FOR COFFEE FILTER BUTTERFLY CRAFT

1. Open and place two coffee filter on a plastic sheet, foil or wax paper. Make sure to cover your work area.

2. Using markers color on your coffee filter any design you want. Use lots of color. You only need to color the top coffee filter.

3. Spray the coffee filter with water, wet it completely to make the colors run together.

4. Allow the coffee filter to dry completely over night.

5. While your coffee filters are drying, use your markers to color your clothes pin any color you want, you can add eyes too.

6. Fold both of the filters accordion style, and hold them together by pinching them in center. Attach a clothes pin to the spot where you pinched them together.

7. Gently open the filters into the four wings of the butterfly.

8. Cut a small length of pipe cleaner, then fold it into a V shape and curl the tops to make antennae for the butterfly.

9. Attach your antennas to the butterfly by clipping it into the clothes pin at the top. Your butterfly is ready to display.
