

Lion King VBS 2021 Snacks!

Friday–Lion King Feast

Supplies

- Shredded BBQ Chicken
- Hawaiian Rolls
- Tater Tots
- Pineapple Slice
- Banana
- Cupcake
- Yellow buttercream frosting
- Orange Buttercream frosting
- Silicon mold of a crown
- Yellow melting chocolate
- Candy Eyes

Directions

1. Cook your chicken until done. Shred it using a fork. Add some BBQ sauce and then place some on a Hawaiian roll. You could also add some potato chips or tater tots on the side.
2. Make your cupcakes as directed. Once cool, frost with yellow buttercream frosting. Then using a piping bag, add the orange frosting as a mane for the lion. You could also use a fork to help give it the look. You can make the crown in a number of way, but this crown is made with putting melted yellow chocolate melts in a plastic piping bag and then filling a silicon crown mold about halfway up and letting it cool until it is set. Carefully remove them from the mold and place on the cupcake.
3. For fruit, we took a pineapple slice from a can and placed a slice of banana in the center of it. Pineapple and bananas are a good tropical fruit. If you are doing this ahead, be sure to add some lemon juice to your bananas to keep it from turning brown.
4. You have a feast meant for a King!
