

Lion King VBS 2021 Snacks!

Tuesday-Tiger Paws

Supplies

- Cupcakes
- Buttercream frosting
- A silicon mold of paws(check Amazon)
- Strawberries
- Yellow , orange, brown and white chocolate melts

Directions

1. Melt the yellow and white chocolate in a microwave in a dish deep enough to dip strawberries in. Dip those strawberries and place on a cookie sheet covered in parchment or waxed paper. Place in the refrigerator to harden. Melt the orange and brown chocolate in a plastic piping bag in the microwave. Once it is melted cut a small piece off the tip of the bag and make stripes on your cooled, covered strawberries.
2. Melt more of your orange melting chocolate as above in the piping bag. Snip off the end and fill the silicon paw mold about halfway up each paw. Place it in the refrigerator to harden. After about 10 minutes, remove and carefully pop the harden chocolate paws out of the mold.
3. Bake your cupcakes according to directions on the box. Once they are cooled, frost them with a little white frosting and add a couple of you tiger paws for decoration.
